EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Henry Young on October 18, 2004.

The application has been amended as follows:

Insert new title of the invention:

Preparation of elastomer with exfoliated clay and article with composition thereof.

Application/Control Number: 09/897,315

Examiner's Statement of Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: I

In the amendment supplied by the applicant's new process claim requires that the addition of coupling agents be subsequent to the intercalation process. In the prior art of record coupling agent is added to the composition with the rubber. Therefore the prior art of record does not teach subsequent addition of coupling agent to the intercalated clay.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Katarzyna Wyrozebski whose telephone number is (571) 272-1127. The examiner can normally be reached on Mon-Thurs 6:30 AM-4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
